Hello Girl Goes on City Payroll

One of the problems which have been puzzling the mayor and city council for several weeks was unraveled yesterday when Mayor Alfred C. Mueller named Miss Marjane Westenberg, 1766 West Seventh street, for the new switch board operator at the city hall. A flock of applications was being received every day by telephone, letter and personal interview. For a long time the mayor and council was undecided as to who should "take the responsibility" of making the appointment, but the appointment itself, as is customary, it will not be necessary for the council to ratify the appointment of the mayor. There were about 50 applications received by the mayor and different officials. These were coming in rapidly during the last few days before the selection was made. The switchboard operator will assume her new duties at once.
